

We like our NJ law. We are glad that it is tough on telemarketers. Since it went in to place our annoying telemarketer calls are down 100% and it is wonderful!

We have a lot of tough laws in NJ that make life harder on NJ citizens, our DMV laws are harder on us but no one wants to overturn them.

PLEASE DO NOT change our DO not call laws. They are great and the people love them. We do not care that the telemarket people don't like them, because they have never cared how we feel about them calling us at all times of the day and night.

Thank you for listening to my concerns.

Sincerely,

Mrs. Carol Schenk
Hewitt, NJ
